

The Filter.

What Is Being Filtered Out?

The father's/Father's authority,
which restrains the child's carnal nature:

1. ***preaching, teaching, discussing*** established commands, rules, facts, and truth
2. *rewarding* obedience,
3. *chastening* disobedience, and
4. *casting out* the child who questions, challenges, defies, disregards, attacks authority,
5. which engenders a *guilty conscience* in the child when he does wrong, disobeys, sins, i.e., "***lusts.***"

The Filter:

When children, in a facilitated meeting, ***dialogue their opinions to a consensus***, i.e., 'justify' their "*self*," i.e., 'justify' their carnal nature before one another, they *negate* (filter out) the father's/Father's authority in their thoughts and action, *negating* their having a *guilty conscience* for doing wrong, disobeying, sinning, i.e., "***lusting***" in the process.

Who Is Using The Filter On The Children And Why?

The child's carnal nature, i.e., "*human nature*" 'liberated' from the father's/Father's authority, i.e., from restraint results in the facilitator of 'change' controlling "*the children*," i.e., "*the group*," i.e. "*the people*," *seducing, deceiving, and manipulating* them as "*human resource*" for his own *pleasure and gain*, i.e., "***peace***," with their "***affirmation.***"

Those children who continue to hold onto the father's/Father's authority, i.e., who condemn "***lust***," i.e., who inhibit or block 'change' are silenced, censored, removed, and/or *negated* (filtered out) in the *dialogue of opinions to a consensus* process, with the facilitator of 'change' in control.

Welcome to the so called "new" world order, which was first put into *praxis* in the garden in Eden, i.e., [Genesis 3:1-6](#), where the master facilitator of 'change,' through the *dialoguing of opinions to a consensus* process, was able to 'liberate' two "children" from the "Father's" authority, bringing them under his control.

The true Christ and those who follow Him, recognize the Father's authority, obeying the Father in all things commanded. The anti-Christ does not, thinking only about his "*self*," filtering out all who do not ***affirm*** him, i.e., praise and worship him, who instead, *humbling, denying, dying to, controlling, disciplining* their "*self*," praise and worship of the Father, and His Son, Jesus Christ.

That is what the filter, i.e., the *dialoguing of opinions to a consensus* process is all about, *negating* the father's/Father's authority so the facilitator of 'change' and all following after him can have "***peace and affirmation***" in their "*self*," i.e., in their "***lusts***," enjoying the carnal pleasures of the 'moment' that the world stimulates without having a *guilty conscience*, i.e., without having to admit they were "wrong," and repent.
